# Basic Performance

Developed to look and feel like a cotton t-shirt while also providing full-color graphics

## Basic Performance Short Sleeve T-shirts

The Vapor Basic Performance T-Shirt is a spun poly with the feel of cotton. The double stitched ribbed collar will keep its shape wash after wash. This 5.9 oz. shirt has been styled and designed to allow for maximum movement and comfort. The performance fabric is great for those that work outdoors because it wicks moisture away from the body while other shirts actually trap moisture. Built in anti-microbial and anti-stain features are an added bonus. 100% spun polyester.

## The Vapor™ Advantage

Used for the entire performance line of garments, Intera's patented technology accelerates moisture evaporation, keeping the wearer cooler and more comfortable. The fabric permanently bonds a water-attracting molecule to the surface of the fibers, creating superior moisture transport. Vapor Apparel's garments are resistant to stains of all types and are odor, bacteria, fungal, and mildew resistant.

## Micro Performance Short Sleeve T-shirts

The Vapor Micro Performance styles are made with a revolutionary light yet durable 5.0 oz. micro-fiber fabric. Two needle cover stitch-in-hem and four-thread over lock for extra strength in all hem seams. Great for sporting teams and events of all types that are seeking customized performance apparel. 100% micro-fiber polyester.

## Bison™ Glass Floor Tiles

These glass tiles are a dynamic alternative to ordinary floor coverings and are suitable for high-traffic residential and commercial applications such as kitchens, hallways, foyers, business lobbies, executive suites, and boardrooms. The tiles represent a breakthrough in longevity due to placement of the image on the back-side of the tile. This protects the image from fading due to sunlight exposure and from wearing away due to foot traffic. The tiles can also be used for wall murals, countertop installations, and swimming pools. Individual glass tiles feature a textured finish and are ANSI (American National Standards Institute) and ASTM (American Society for Testing and Materials) compliant.

## Interlocking Base Grid

For those looking to install glass floor murals with minimal effort, our plastic interlocking grid system is designed to make the process easy and painless. All you have to do is glue the tiles into the grid and snap the plastic grid pieces together... the spacing is automatic! Installs over most existing floors without special tools, materials, or floor preparation. The grid system can be used in commercial and domestic applications and is especially good for temporary flooring at trade shows and other special events.
